LITERATURE SURVEY

S. No.	Title	Year	Author	Publication	Remarks
1	Introduction to Data Mining	2021	Pang-Ning Tan, Micheal Steinbach, Vipin Kumar	Pearson	The content of "Introduction to Data Mining" by Pang-Ning Tan, Michael Steinbach, and Vipin Kumar provides essential methodologies and techniques directly applicable to my case study project. It offers insights into data analysis and mining methods, enhancing my ability to extract valuable insights from the Global Youth Tobacco Survey dataset. With the aim of informing evidence-based policymaking strategies aimed at curbing youth tobacco use, this resource serves as a foundational guide in guiding my

					analytical approach.
